Esquimalt Nation has provided the names of two individuals who will assist and Songhees Nation has provided the names of two individuals who will assist.

Shelly and Deb will sit with the four individuals to determine the appropriate processes and protocols.

This meeting will occur within the next two weeks and prior to publicly announcing any information.

It is important to maintain confidentiality with the information and therefore all committee members are asked not to share this with others.

Considerations to keep in mind:

Not rushing this process

Not covering over the name George Jay

Providing Spirit wear once the school has received the new name.
